Ogre Cheerleaders: Cheering as good as they smell!

Ogre Cheerleaders is a fun, light-hearted game where each player is trying to recruit the best team of ogre cheerleaders for the all-star team at OGRETON University. On your turn, send an ogre to the field, the row of cards in between the players, and follow its card effects. Try and arrange the ogres on the field into meaningful "formations" to recruit them from the field and score them as points. But, be careful which ogres you leave behind on the field. You don't want to leave your opponent an easy chance to recruit some great ogres for their team!
