We are art restoration experts. We know that many starving artists painted over their previous paintings to save money on canvas. Any sometimes old masters were painted over to hide them from looters. So we want to uncover a hidden painting before the next exhibition so we can show off a new discovery. Work together to fill in the designated number of squares before crossing off all the turn spaces.

Features:

Cooperative	Scalable for 1 to 4 players
Quick and easy to learn	No language dependency
Fresh theme	Intuitive mechanics
Dependent on dice rolls, but re-rolls available	Many additional puzzles available
